WHAT IS VETERANS FOR PEACE?

Veterans For Peace is an international organization of military veterans and allies whose mission is abolish war and build a culture of peace. Convinced by our own experiences, we raise our voices to inform the public of the true causes of war, the enormous costs of war, and our obligation to heal the wounds of war.

VFP has 140 chapters and 4,000 members in 10 countries. Their work includes: educating the public, advocating dismantling the war economy, providing assistance to veterans and victims of war, and most significantly, working to end all wars.

WHO ARE OUR MEMBERS?

Established in 1985, Veterans For Peace includes veterans from all eras and tours of duty since World War II. Our membership is open to veterans from all countries and service backgrounds. Veterans who provide proof of military service vote annually on Resolutions, By Laws and members of the Board of Directors.

In addition to veterans, VFP welcomes allies as Associate Members (up to 20% of membership). While Associates do not vote on VFP business issues or hold Board of Director positions, they are crucial in carrying out the mission of peace and justice.

**Together, we work to put an end to war
and build a culture of peace in our communities.**

WHAT DO WE DO?

Members determine the best way to carry out VFP's mission in their area: speaking with students about military service; participating in direct actions; writing letters, opinion pieces and poetry; sponsoring events & much more. In addition to local efforts, VFP has established national working groups and national projects. Members are encouraged to join these efforts.

WHY SHOULD YOU JOIN US?

As you know, working for peace is an uphill battle. With an expanding Pentagon budget, endless military occupations, and ongoing injustice worldwide, our task of building peace is urgent now more than ever. At this crucial time, peace veterans and allies must unite. You can be part of that effort.

Members of Veterans For Peace receive the VFP National Newsletter three times a year and receive a discount on VFP store items to help them promote peace in their communities. Above all, VFP connects members to an international network of like-minded activists who have the same goals of peace and justice.

Each year, there is a national VFP convention hosted by a nominated VFP chapter with the help of National Board and staff. The convention brings together peace activists from around the world, allowing an open environment for discussion, debate, learning and collaboration.

VFP MEMBERS WAGE PEACE!
